## Paper straws

Our paper straws are an ecological alternative to traditional plastic straws, created with the natural environment in mind. As a manufacturer, we attach great importance to the quality of our products, which is why we only use **FSC® certified paper** (FSC – STD – 40 – 004) in the production process.

This gives you the certainty that you are choosing a product that is responsible and friendly to the planet. Our paper straws are durable and, despite gradual softening during use, they retain their shape until the last drop of your favorite drink.

They are perfect for any type of drink, from cool cocktails to refreshing lemonades.

### Our production capabilities:

**Diameter:** 0.19–0.51 inch (4,8–13 mm)\*

**Structure:** 3 or 4 layers of paper

**Length:** 4.92–39.37 inch (125–1000 mm)

\* All values are for the outside diameter

### Packaging:

- › Retail packaging
- › Food service packaging
- › Wholesale packaging
- › Customised packaging

All colours (minimum quantity of paper per order is 200 kg, waiting time 4 weeks), diameters, lengths can be adjusted individually upon request. We can wrap each straw individually in paper.

# STRAWS WRAPPED INDIVIDUALLY IN PAPER

Ø 0.24-0.47"  
Ø 6-12 mm

Individually wrapping a paper straw in paper ensures maximum hygiene and protection against contamination, which is particularly important in catering establishments and takeaways. This solution guarantees the customer that the straw has not been exposed to contact with the environment, increasing the sense of safety and comfort of use. Additionally, individual packaging makes it easier to store and transport straws, preventing them from spilling and being damaged. **We will wrap each straw individually in paper, from 6,000 pieces.**

## 0.24/7.87 inch • 6/200 mm

# PAPER STRAWS WITH PRINT

## Your Brand in Every Detail

In today's world, where environmental awareness and attention to detail are key, even something as small as a straw can become a powerful marketing tool. Our paper straws are not only an ecological alternative to plastic, but also an excellent advertising medium, which allows you to distinguish your brand and build its recognition with every sip. A personalized print on a straw is a subtle way to distinguish your brand, build recognition and strengthen the image of a company that cares about the environment. Straws with your own print are ideal for restaurants, cafes, bars, hotels, events, fairs or corporate

events. We offer the possibility of making a single- or two-color print directly on the straw, ideal for simple logos or short slogans. For wider possibilities of personalization and increased hygiene, we propose printing on individual paper packaging of each straw.

We ensure high quality, attention to detail and durability of prints, made from food-safe components.

Contact us to choose the perfect solution for your brand.

### Technicalities:

Diameter:

**0.32 in**  
(8 mm)

Length:

**7.87-10.24 inch**  
(200-260 mm)

Colours:

white

black

kraft

**The minimum quantity for printing is 1000 pieces.** The cost of printing is mainly a one-time cost of the matrix. Subsequent reprints are practically the cost of the straw itself. **Print color:** colors from the basic color palette.

# OTHER KIND OF PAPER STRAWS

## Flexible paper straws

Don't think you have to give up your favorite bendy straws just because of the move to paper? Think again! Introducing our **Paper Flexible Straws** – a practical and eco-friendly solution that combines the benefits of traditional straws with added functionality. Made from biodegradable paper, these straws feature the characteristic "bend" or "flexible joint," allowing for comfortable sipping from cups and glasses of various heights and angles. **This is especially useful for children and the elderly, ensuring everyone can enjoy their beverage with ease.**

Our paper flexible straws offer a sustainable alternative to plastic bendy straws. They help reduce plastic waste without sacrificing convenience or functionality.

Diameter:  
**0.24 inch** (6 mm)

Length:  
**7.87 or 9.45 inch**  
(200 mm or 240 mm)

Colours:  
white black kraft  
white and coloured stripes

Diameter:  
**0.32 inch** (8 mm)

Length:  
**7.87 inch** (200 mm)

Colours: white and coloured stripes

## Spoon paper straw

Introducing our innovative **Paper Spoon Straws** – a clever combination of two essential accessories in one eco-friendly product. Made from durable paper, these versatile tools function as a classic drinking straw on one end, while the other features a flattened, widened tip that acts like a small spoon.

They're the perfect solution for thicker beverages like smoothies, milkshakes, slushies, or desserts in cups, where a traditional straw just isn't enough and a separate spoon can be inconvenient. Our spoon straw offers a convenient, hygienic, and fully biodegradable alternative. It's ideal for cafes, ice cream parlors, dessert shops, and any establishment where functionality and environmental responsibility are key.

Diameter:  
**0.32 in** (8 mm)

Length:  
**7.87 inch** (200 mm)

Colours: white black kraft  
white and coloured stripes

# OTHER KIND OF PAPER STRAWS

## Straight Straws (Individually Wrapped)

Introducing our Paper Carton Straws – the dedicated, eco-friendly solution designed specifically for single-serving beverages.

This simple, straight paper straw, made from biodegradable materials, is perfectly sized for juice boxes and other beverage cartons. Each straw comes individually wrapped for guaranteed hygiene and convenience, whether you're on the go or taking your drink to-go.

Equipped with a slightly pointed tip for easy piercing of carton lids, these straws offer a functional and environmentally friendly alternative to plastic straws typically included with beverages.

Diameter:  
**0.18 inch**  
(4,5 mm)

Length:  
**5.7 inch**  
(145 mm)

Colours:  white

## Sticks for flags and cotton candy

Unlock the Full Potential of Paper! Our paper straws are far more than just a drinking accessory – they're versatile, eco-friendly sticks perfect for a wide range of uses. Thanks to their optimal rigidity and lightweight design, they excel as:

- › Flag and Pinwheel Sticks: Reliably hold small flags and colorful pinwheels.
- › Balloon Holders: Secure and comfortable to hold.
- › Cotton Candy Sticks: A practical and hygienic solution.
- › Vending Machine Components: Dependable for dispensing products requiring a stick.

These paper sticks provide a sustainable and fully biodegradable alternative to plastic, helping reduce waste and highlight the eco-conscious nature of your business or event. By choosing our paper sticks, you're investing in functionality, aesthetics, and care for the planet.

Diameter:  
**0.16-0.39 inch**  
(4-10 mm)

Length:  
**4.92-39.37 inch**  
(125 i 1000 mm)

Colours:  white

**?** We make straws or sticks from 3 or 4 layers of paper.
